

Reports	Description
Attribute Map Report.xlsm	- Displays all of the courses for a program and the highest measure level for each Graduate Attribute
Attribute Map Summary Report.xlsm	- Similar to the Attribute Map Report, instead of showing the actual level (A, D, I), the summary report will only show the “X” to indicate that the specific course is measured at the specific attribute
Course Report.xlsm	- Displays: indicators measured, expectations entered from rubric input template, bar charts - Report contains (if any) continuous improvement plans
Curriculum Committee Recommendations Report.xlsm	- Displays the committee recommendations for the program and its courses
Historical Course Measurement Report.xlsm	- Displays the course’s year to year trend of the measured expectations
Historical Program Measurement Report.xlsxm	- Displays the program’s year to year trend of the measured expectations
Indicator Map Report.xlsm	- Displays all of the courses for a program and the lowest measure level for each indicator
Measurement Map Report.xlsm	- Shows if an intersecting course and indicator is being measured for the specific year
Rubric Entry Report.xlsm	- Lists all courses with an indication on whether it has been started
